INTRODUCTION
The proceedings are the records of the conference. The Organisation Committee hopes to give these conference by-products a single, high-quality appearance. To do this, we ask that authors follow some simple guidelines. In essence, we ask you to make your paper look exactly like this document. The easiest way to do this is simply to use this template form, and replace the content with your own material.

PAGE SIZE & PAGE LIMIT
All material on each A4 page should fit within a rectangle of 16x25 cm. The right and left margins should be 2.5 cm. Camera-ready submissions must be 8 pages in length or less.

TEXT & HEADINGS
For body text, please use a 12-point Times Roman font, or other Roman font with serifs, as close as possible in appearance to Times Roman. The goal is to have 12-point text, as you see here. Please use sans-serif or non-proportional fonts only for special purposes, such as distinguishing source code text. If Times New Roman is not available, try the font named Computer Modern Roman. On a Macintosh, use the font named Times. Right margins should be justified, not ragged.

The following is an example of what a bulleted list should look like:
• All bullets should start at the same point.
• Spacing between the bullets can vary to produce good column and page breaks.
• The use of hanging indent is recommended.
Title and Authors
The title (Times Roman 14-point bold), authors’ names (Times Roman 12-point-Bold) and affiliations (Times Roman 11-point) run across the full width of the page. We also recommend e-mail addresses for all authors. See the top of this page for three addresses. If only one address is needed, center all address text. For two addresses, use two centered columns, and so on.

Subsequent Pages
For pages other than the first page, start at the top of the page.

References and Citations
Footnotes should be Times New Roman 11-point, and justified to the full width of the column.

Use the standard Communications of the format for references—that is, a numbered list at the end of the article, ordered alphabetically by first author, and referenced by numbers in brackets [1]. See the examples of citations at the end of this document. Within this template file, use the style named references for the text of your citation.

The references are also in 11 pt., but that section (see the References Section) is ragged right. References should be published materials accessible to the public. We recommend the use of ragged right in this section, because many citations are website addresses and will not hyphenate [1]. Internal technical reports may be cited only if they are easily accessible (i.e., give the address to obtain the report within your citation) and may be obtained by any reader. Private communications can be acknowledged, not referenced (e.g., “[Robertson, personal communication]”). Proprietary information may not be cited.

Page Numbering, Headers and Footers
Do not include headers, footers or page numbers in your submission. These will be added when the publications are assembled.

FIGURES/CAPTIONS
Place tables/figures/images in text as close to the reference as possible (see Figure 1). Figures may extend across the page to the maximum width of 16 cm. Captions should be Times New Roman 10-point bold. They should be numbered (e.g., “Table 1” or “Figure 2”). Please note that the words “Table” and “Figure” are spelled out. Figure captions should be centered beneath the image or picture, and table captions should be centered above the table body.

SECTION HEADS
The heading of a section should be in Times New Roman Bold 12-point bold, in all-capitals flush left with an additional 6 points of white space above the section head. Sections and subsequent subsections should flush left.
Subsections
The heading of subsections should be in Times New Roman Bold 12-point bold with only the initial letters capitalized. For subsections and subsubsections, a word like the or a is not capitalized unless it is the first word of the header.

Subsubsections
The heading for subsubsections should be in Times New Roman Bold 12-point italic with initial letters capitalized and 6 points of white space above the subsubsection head.
